School Bus Riders Safety and Discipline Handbook

GoldStar Transit is proud to be the transportation provider for the Bastrop I.S.D. The District, in cooperation with GoldStar Transit, has adopted standard regulations and procedures for the transportation of eligible students and has provided discipline measures for violations of the rules. They are herein outlined for your information and for the guidance of your child. Please read the enclosed material and acknowledge receipt by completing and returning the enclosed Bus Rider Information Card within **five** days to your bus driver.

The goal of this handbook is to help provide a safe and enjoyable experience for children and adults who ride school buses. Parents or guardians should take time to read and discuss the material in this handbook with their children. Riding a school bus is a privilege, provided by the district, and should be treated as such. Every effort is made to see that the transportation provided is safe, comfortable and pleasant.

Student bus stops are designed with student safety; visibility of other vehicles; and distance between stops and proximity to hazards. Buses will not travel roads not maintained by a government entity and will not enter private property. Texas law requires motorists to stop and remain stopped when the red lights are flashing on a school bus. Please obey these laws for the safety of the students loading and unloading the bus. If you should need information concerning bus routes or discipline policies, do not hesitate to call GoldStar Transit at (512) 321-5262.

Thank you for your support and cooperation.

General Safety Rules

- **Face mask are optional for students, staff, and visitors in BISD effective June 1, 2021.** Goldstar will follow CDC and BISD guidelines at all times.
- Students will be courteous to fellow students, the school bus driver, and assistants. They will follow directions the first time given.
- Students will board and leave the bus at their designated stops only, both in the AM & PM.
- Only students who are eligible to ride may be transported and must have a Bus Rider Information Card on file.
- Parents or guardians must send a note to school for administration approval to request that their student ride a different bus or depart the bus at an unassigned stop.
- If students do not ride for three consecutive days, drivers are not required to make the stop until a parent or guardian calls GoldStar Transit at (512) 321-5262 to resume pickups.
- It is the responsibility of the parent or guardian to provide transportation to school or home if a child misses his/her school bus. The student should NEVER chase after the bus.
- **If any article drops or rolls near or under the bus, do not go after it. Go to the door of the bus and ask the driver for help.**
- **The parent or guardian of a pre-kindergarten or kindergarten student must be at the stop to deliver or greet the student.** If the pre-kinder or kinder student has a sibling riding the bus they may load or unload with them **if the sibling is at least in the third grade and at least 8 years of age. If a pre-k or kinder is undeliverable three or more times the school and proper authorities will be notified.**
- **If the bus is equipped with seatbelts, the student will be required to have the seatbelt properly fastened at ALL times.**

Procedures for Waiting for the Bus (On the Road and at School)

- The parent or guardian is responsible for the student until they board the school bus.
- It is the parent or guardian's responsibility to get the student to the bus stop **10 minutes** before the scheduled pickup time. The driver is not required to wait or honk.
- Bus riders will abide by the District's Code of Conduct and school rules & regulations, including conduct as would be expected in the classroom, or at school, and the student dress code. BISD recognizes that a school bus is by definition an extension of the classroom. Certain rule or conduct violations may result in additional discipline at the campus.
- Bus riders must conduct themselves in a safe manner while waiting for the bus to arrive.
- Students should stand at least 10 feet from roadway.
- The student should be careful when approaching school bus stop areas and stand on a sidewalk or wait for the driver to open the door before moving to board the bus.
- The driver will not pick up a student unless they are at their designated stop.
- If the student misses the bus, they should go home immediately and contact their parent or guardian. The student should NEVER chase after the bus.
- The parent or guardian should instruct the student on what procedures to follow if the bus is missed.

Getting on the Bus

- Bus riders do not push or shove.
- Bus riders use handrail and steps.
- **Bus riders will scan their Z-PASS before going to assigned seat.**
- Bus riders go to their assigned seat immediately.
- **Bus riders will properly fasten their seatbelt.**
- The bus will not move until all bus riders are seated.

Getting off the Bus

- Stay seated until the emergency brake is set, and the bus is completely stopped.
- Unbuckle seatbelt.
- Wait for your turn to leave the bus, pushing and crowding will only slow exiting and may cause an accident.
- Use the handrail and take one step at a time when leaving the bus.
- Students living on the right side of the roadway will depart the school bus in an orderly fashion and move where the bus driver can plainly see all students. Students should be alert to danger signals from the bus driver.
- Do not check the mail after exiting the bus. Students should exit the bus and immediately depart to their place of residence.
- Students will not cross the street behind the school bus.
- The driver will not discharge riders at places other than the regular school bus stop or at school.
- A BUS RIDER PERMIT must be obtained from the campus office for any changes from a student's regular stop or assigned bus home.
- Overcrowding of some buses will prevent a permit from being issued to ride a different bus home with a friend.

Crossing the Street or Highway

- All students living on the left side of the roadway shall exit the bus and move to a point of 10 feet in front and 10 feet to the right of the bumper and wait for the driver to signal that it is safe to cross. Generally, BISD and Gold Star Transit attempts to avoid stops where student must cross roadways, but there are some roads and certain bus stop conditions where this practice is allowed.
- Check in both directions and walk directly across the road.
- Never cross the road behind the bus.
- CAUTION! Be alert for the vehicles that do not stop when the bus is loading and unloading students.
- Obey all traffic signals and signs on your way home.

Discipline

Transportation is a privilege. Students being transported in the Bastrop school buses shall comply with the Code of Conduct. Any student who fails to comply with that code while on school transportation will be subject to disciplinary action and may be denied transportation service at the administration's discretion. It will then be the responsibility of the parent or legal guardian to transport the student. Major infractions including but not limited to fighting, bullying, or possession of an illegal substance will result in an automatic suspension.

Disciplinary actions for minor infractions will be as follows and administered by GoldStar Transit 512-321-5262

*Any suspension of transportation for more than 10 days will be reviewed with the campus principal before being administered. Upon returning to transportation privileges after a 10-day bus suspension a mandatory meeting will be held between the student, parent/guardian, and the transportation management. Suspension times may vary depending on the severity of the violations. Major infractions will be handled on a case-by-case basis.

Extenuating Circumstances

In the event that a bus must be pulled over to await help from the police department or if the bus must be brought back to the transportation department in order to regain control of the bus or to remove a student from the bus, it will result in an automatic minimum five (5) day suspension of transportation for that student.
