Strategic Priorities
- Student Success and Well-being
- Teaching and Learning Practices
- Organizational Culture
- Collaborative Partnerships
BISD Parent and Family Engagement Policy 2024-2025

Partnering with parents, students and community

Statement of Purpose:

In support of strengthening student academic achievement, we have developed a parent and family engagement policy that established the district’s expectations for parent and family engagement and guides the strategies and resources that strengthen school and parent/caregiver partnerships in the district’s Title I schools.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive parent and family engagement at every level of the program, such as in the development and implementation of the district and school plans, and in carrying out the district and school improvement provisions. Section 1118 of the ESEA contains the primary Title I, Part A requirements for schools and school systems to involve parents in their children’s education.

Parent and Family Engagement in Developing the Policy

Bastrop Independent School District will provide the necessary coordination, technical assistance, and other support to assist Title I schools in planning and implementing effective parent and family engagement activities to improve student academic achievement and school performance:

➢ Bastrop ISD will involve parents in the joint development of the district’s plan Section 1112 and the process of school review and improvement Section 1116.
➢ A district meeting that includes parents/caregivers, families, community members and campus personnel to provide feedback and input on campus plans, policies and budget allocation. Meetings will be scheduled at a convenient time and location to participate in a comprehensive review of policy, budget and program for parent and family engagement.
➢ Bastrop ISD will create a bi-monthly parent newsletter that will be distributed via email, the newsletter will include information and resources to help increase parent and family engagement across the district.

Meetings for Title 1 Schools

In order to build a dynamic home-school partnership, Bastrop ISD, with the cooperation of Title I schools, will provide the following:

Each Title I school will involve parents in the joint development of the Campus Improvement Plan

Each Title I school will host an annual Parent and Family engagement Title I meeting in the Fall of 2022 to review the parent and family engagement programs and for suggestions on how the one percent required parent involvement set aside funds will be used in the upcoming year at the district and school level.

Each Title I school will host an annual Parent and Family engagement Title I meeting in Spring 2023 followed by suggestions and feedback from parents on the Campus Parent and Family Engagement Policy and School-Parent Compact.

Each Title I school will provide flexible parent and family engagement opportunities based on campus needs and in a language that parents can understand. And opportunities for parents and families to participate as appropriate, in decisions related to the education of their children, and respond to any such suggestions as soon as possible.
School-Parent Compacts

Consistent with section 1118, the Parent Involvement Liaison will work with its Title I schools to ensure that the requirements school-level parent and family engagement plans meet the requirements of Section 11118 (b) and each include, as a component, a school-parent compact consistent with Section 1118 (d) of the ESEA.

Each Title I school will ensure the School-Parent Compact includes a consistent two way communication process to notify parents of student academic performance and parent-teacher conferences. School-Parent Compact will be disseminated to all parents/caregivers and available on the school website and in the language that parents/caregivers can understand.

Staff/Home Communication

To ensure the information related to parent programs, meetings and other activities is available to all parents in an understandable and uniform format, each Title I school will send home parent and family engagement opportunities.

To ensure each Title I school Parent Teacher Association is successful in including all parents to participate in their children’s education the Parent Involvement Liaison will meet with the PTA/PTSA council to provide support and resources to develop a plan to increase parent and family engagement and remove possible barriers.

Each Title I school will conduct a parent and family engagement training/presentation to campus staff regarding the use and purpose of Title I Parent and family engagement funds and programs. Training/Presentation will be provided by campus administrators and/or district parent liaison.

Each Title I school will provide a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress and the achievement levels of challenging State academic standards (STARR Night). Information can be shared with parents in conjunction with the school report card and in a language that parents can understand.

Each Title I school will ensure all parent and family engagement opportunities are disseminated via all district forms of communications which include but are not limited to and in a language that parents can understand: Peachjar, campus website, marquee, flyers, newsletters, school messenger, and social media.

Evaluation

Each Title I school will conduct an evaluation of the content and effectiveness of this parent and family engagement plan and activities to improve the academic quality of the Title I schools through an annual parent survey. In the Spring, each Title I school will provide campus-based questions to be added to the district parent survey in order to get parent feedback on the campus’s Title I evaluation.

The school district will use the findings from the school surveys to design evidence-based strategies for more effective parent and family engagement opportunities, to remove possible barriers to parent participation, and to revise its parent and family engagement plans.

This policy will be in effect for the period of the 2024-2025 school year.
