

Summer 2021

Join us this summer!

Registration Opens

March 22nd

This summer we will be focusing on nature. Nature is essential to children's health, development, and creativity. Kids will explore the beauty and power of Mother Nature in our daily activities. Through our daily activities children will learn about our planet's ecosystems, agriculture, animals both domesticated and wild, the serenity and diversity of the oceans as well as its powerful ability to destroy. From the smallest of insects to the largest biodiverse ecosystems, kids will explore the wonder that is nature.
