A MESSAGE FROM THE COMMUNICATIONS OFFICE

August 6, 2020

Good afternoon BISD families,

We have posted an updated Return to School Guide on our website and linked here for your convenience. We have marked those sections with a yellow box that says "Updated 8/6/20" to reflect new or updated information. Revised elementary and secondary schedules for online learning are included in this update.

**The Back to School Form is due Sunday, August 9.**
**Skyward registration must also be completed for returning students!**

Please log into Skyward Family Access to tell us if you want your child to be in Online Learning or Onsite Learning for the 2020-21 school year. Remember you can change your mind at the end of any grading period throughout the school year. (All students are in online learning beginning August 18 for the first three weeks of school.) Please also complete the Student Information Verification process in Skyward for returning students if you have not done so. It is more important than ever to have accurate, up-to-date information as we seek to create safe protocols for our schools.

**Click this link to update your child’s information and to complete the Back to School Form.**

On behalf of all of us in Bastrop ISD, we appreciate your support. Know that we are working diligently each and every day to create a wonderful, nurturing and healthy place that you and children will want to be a part of.

Stay safe and well!
