BISD Summer School Guide for High School Students 2019-2020

Purpose

Bastrop ISD is pleased to offer this guide for programming to provide both enrichment and remediation for BISD students during the summer months. This guide is intended to present all options for summer programming and learning for Bastrop ISD high school students during the months of June - August 2020. Please note that some dates are subject to change based on future guidance from state and local health officials.

A Focus on Personalized Learning for All

We believe that learning has been transformed during COVID-19 school closures. Through it all, Bastrop ISD continues to believe in the power of providing educational equity by providing the necessary opportunities to all and by ensuring that each student has the right resources to reach their individual potential. Therefore, this guide will present a variety of options; including online, in-person, and blended, to help support our students and their individualized learning and familial needs.

At-Home Learning Activities

We want to help our students continue to learn through a selection of optional activities and resources designed to reinforce and extend what students learned during the school year. These activities are not mandatory and are not intended for a grade. You can access these options by visiting our BISD At-Home Learning website (direct link below) starting June 1, 2020.

Edgenuity Summer Courses for Credit Recovery

Edgenuity's credit recovery courses are designed to help students learn at their own pace and on their own time. The flexibility and design of these courses empower students to focus on exactly the content they need in order to catch up to their peers, recover lost credits, and graduate on time. All students are able to access Edgenuity by logging in to their Clever accounts. If you need help accessing Clever, you may visit our At-Home Learning website or the link below:

Students who require credit recovery will be contacted by their respective campus personnel and encouraged to begin Edgenuity classes starting Monday, June 1, 2020. Virtual summer school teachers will be hired and available to support students working through Edgenuity credit recovery classes. Students may access Edgenuity through their smartphones or Chromebook devices checked out from school. In order to receive full credit for Edgenuity classes, students must complete their assigned courses by Friday, July 3.

Once again, unless otherwise noted above, in order for students to receive full credit for Edgenuity credit recovery classes, they must be completed by Friday, July 3, 2020.

EOC Paper Packets

Teachers have identified students currently enrolled in a course that also has an End-of-Course (EOC) STAAR test requirement who would benefit from having a paper packet in order to complete course credit.

Students who successfully complete their assigned packet(s) and earn course credit for any currently enrolled EOC course(s) by July 3 will be exempt from the STAAR graduation requirement for the course(s). **If credit is not earned by July 3, then the student must take the STAAR test for that course(s) in December 2020.**

BISD will mail the EOC packets to students, along with an addressed, prepaid, stamped envelope. Completed packet(s) must be returned in this envelope by Friday, July 3, 2020.

Core Class Paper Packets

Teachers have identified students in one or more core classes listed below who would benefit from having a paper packet in order to complete course credit this summer.

Students who successfully complete their assigned packet(s) by Friday, July 3, 2020 will earn full course credit for the following classes:

Core Classes	
English/Language Arts	
English 1 (see EOC packet information above)	English 3
English 2 (see EOC packet information above)	
Mathematics	
Algebra 1(see EOC packet information above)	Algebra 2
Geometry	Pre-Calculus (Juniors only)
Science	
Biology (see EOC packet information above)	Physics
Chemistry	

Social Studies	
World Geography	US History (see EOC packet information above)
World History	

BISD will mail the core class packets to students, along with an addressed, prepaid, stamped envelope. Once again, completed packet(s) must be returned in this envelope by Friday, July 3, 2020.

Jump Start Summer School

The following groups of students will be encouraged to participate in a three-week Jump Start summer school at their respective high school from July 20 - August 6:

- Any student with an Incomplete:No Participation (I:NP) grade for a core course needed for graduation.
- Any student who did not return or successfully complete their EOC paper packet(S) by the July 3 deadline.
- Any student who did not return or successfully complete their Core Class paper packet(s) by the July 3 deadline.
- Any student who did not successfully complete an assigned Edgenuity course for credit recovery by the July 3 deadline.

Jump Start programming will follow a summer school schedule as follows:

- Monday - Thursday from 8:00 am - 1:00 pm.
- Transportation provided to summer school bus stops.
- Breakfast and lunch provided.

Extended School Year (ESY) Services for Students in Special Education

Extended School Year (ESY) services is an individualized instructional program for eligible students with disabilities that is provided beyond the regular school year. The need for ESY services must be determined on an individual basis by the admission, review, and dismissal (ARD) committee.

Bastrop ISD will offer Extended School Year Services during the July 20 - August 6 Jump Start program dates. Each student's schedule will be based on their unique needs as determined by the ARD Committee. For additional details regarding Extended School Year (ESY) please contact Deidra Stephens at 512-772-7835 and visit our At-Home Website for more up-to-date information.

Newcomer English Learner Camp

Students new to the United States (less than 3 years in U.S. schools) who require additional instruction for English language development can choose to receive support from July 20 through August 6 at their respective

campus. Support for students will include individualized instruction through small, teacher-led groups, vocabulary acquisition and word study, and practice using vocabulary through the 4 domains of language. For more information regarding the Newcomer Summer Program, please contact Trish Flores, English Learners Program Director, at 512-772-7100.
