

free Teen Heart Screenings

DEEP IN THE HEART OF TEXAS

FAST AND EASY

20 minutes is the time it takes to conduct a heart screening.

THE RISK IS REAL

1 in 250 high school students is at risk of a serious cardiac condition known to cause Sudden Cardiac Death.

WHO'S ELIGIBLE

Any active teen, ages 14-18, is eligible for our screening.

ABOVE AND BEYOND

Standard sports physical examinations do not include cardiac screenings with ECG and limited ECHO.

HIGH VALUE

CHF screenings are free... a comparable screening in a cardiologist's office would cost approximately \$700.

This screening for Bastrop County teens is sponsored by the Christian Harman Memorial Golf Tournament.

*Heart screenings for teens ages 14-18
