BASTROP ISD POLICE DEPARTMENT

DEPARTMENT ACTIVITY REPORT

July 1, 2020 – June 30, 2021

Chief of Police Scot Bunch

BiSD

MISSION

The Bastrop ISD Police Department exists to ensure sufficient security and protection of students, staff, and property. It is our mission to work in partnership with the support of its students, staff, and community, in an effort to protect all citizens. We shall work vigorously to detect and prevent crime and in doing so, the agency recognizes and respects the constitutional rights of all. This department shall respond effectively to the changing needs of our school district and community and shall aid in the promotion of mutual respect between the police department and those we serve. We shall remain committed to creating and maintaining a safe educational environment for our students and staff.

CORE VALUES

Honor: Honor is the value of personal and professional accountability displayed through integrity, honesty, and ethical behavior. It means understanding and doing what is right and taking pride in the district's acknowledgement of that reputation. We recognize the privilege of serving our school district and strive to treat everyone with dignity and respect.

Unity: When there is unity, there is strength. We will work together, as one department, to unite our schools, students, staff, and community as we work together to accomplish our mission.

Integrity: We are committed to the highest standards of honesty, moral standards, and ethical conduct, which are the cornerstones of our profession. We will value and uphold the public trust in our commitment to our core values. This commitment holds true in both our personal and professional lives.

Conclusion

Data from the Department Activity Report provides a summary of all law enforcement activities handled by the Bastrop ISD Police Department. The data is used to evaluate call volume, call types, officer caseload, response time, and crime trends. The data is also used as a tool to develop effective methods for assigning and/or allocating law enforcement resources to meet district needs.

In law enforcement you never want to take credit when calls (crime) goes down because you will assume the responsibility when calls (crime) goes up. However, it appears that calls (crime) have been on the decline since a spike in September. This could have been from the students adjusting to officers being on campus regularly. It appears that officers being present on campus is having a positive impact in the reduction of calls (crime). The reduction in response times to calls is also an indicator of the officers being present regularly on campus. These reductions occurred with an increase in student population.

We still have work to do. The safety and security of our students and staff is our top priority.
