

Bastrop Intermediate KODIAK CONNECTION

03/11 - 03/15

BIS Targeted Improvement Plan Overview

All mocks have been completed and our updated accountability projections show significant growth from where we started in August but still falling into IR status. This is not set in stone and we still have time to make a few corrections/changes to add additional support to our students in critical areas. We owe it to our students and ourselves to leave no stone unturned. To that end in the next few days I will be reaching out to some of you individually and asking you to support the campus in different ways. Please know that we have been very thoughtful and intentional with our decision making and are doing our best to position resources where they will have the greatest impact on students.

-Daniel Brown

As many of you may have heard Selena Brumfield is sick and currently hospitalized. We are organizing a gift for her family to support them during this very trying time. Should you wish to contribute please see Mrs. Hanna or Ms. Anderson.

Announcements & Reminders

1. [TELPAS READING TESTING SCHEDULE YOU MUST READ THIS](#)
 - a. Please review and make note of when your ELLs will be testing. We are expecting staff to send their students to the Library at the appropriate time.
2. [Teacher and Paraprofessional of the Year Nominations](#)
 - a. Please submit your nominations for teacher of the year by 5:00 pm Monday. All nominees will be put forth for voting Tuesday March 12th. Winners will be announced March 15th.
3. Please know that feedback forms sent to you by our SpED staff are crucial to our ability to make the best decisions for our students. Make sure you complete and return them in a timely manner.
4. 5th ELA & Math SSI Palooza Review - March 28th 4:30-6:00 @ Service Center
