   On behalf of the Bastrop Federation of Teachers, Cary Prater spoke to the Board about teacher workload. Ms. Prater stated that they have been working with Mr. Murray and his Administrative Council to improve teacher workload, but added that more paperwork and responsibilities is making teachers workload unbearable. Ms. Prater presented the Board with a petition and proposal for the purpose of raising attention and addressing teacher workload. Ms. Prater stated that this problem is not isolated to one campus.

2. Public Hearing

A. Public Hearing on the 2014-2015 Budget
   Sandra Callahan opened the Public Hearing on the 2014-2015 Budget at 6:36 p.m. Mrs. Callahan presented proposed budget information for the 2014-2015 fiscal year. Mrs. Callahan reported that the district would receive certified values in July and the tax rate would be adopted in September. Mrs. Callahan reviewed the budget needs assessment and timeline. She reviewed the budget instructional focus: year 3 of Instructional Specialists Initiative; creation of the Colorado River Collegiate Academy; House Bill 5 compliance; Bilingual Education (due to the tremendous growth of the programs in the last 5 years); and Special Education. Mrs. Callahan then reviewed the staffing considerations for the budget which includes additional Assistant Principals at the Intermediate campuses, tutorial costs (due to loss in grant funding), elementary / ECHS campus clerks, partners in Education Coordinator (due to loss in grant funding, stipend adjustments, Maintenance/Technology staff, LVN for high schools, 9 teaching positions for growth, and teaching assistants.

Mrs. Callahan reviewed Decision Package considerations for 2014-2015 which totals $1,182,600. The decision package includes technology, safety and security year 2, Gateway/Transportation sewage system year 2, maintenance projects (one time costs), and Instructional Material Allotment Supplement. She explained that there is a possibility that the district may not have to dip into the fund balance for last year’s decision package as requested last year due to conservative revenue estimates which would reduce the amount of fund balances needed as is the case for the current budget year.

Mrs. Callahan reported that the proposed budget is based on an estimated enrollment of 9,810 and an average daily attendance of 8,959. She stated that the district hopes to be able to drop the debt service tax rate by a penny or two. Mrs. Callahan reviewed 2013-14 estimated fund balance and the 2014-15 proposed fund balance.

Mrs. Callahan noted a change in the Compensation Package that was approved by the Board at the Budget Workshop meeting. She stated that there has been a
change to the proposed pay increase for the Support Staff pay family, which includes exempt non administrative personnel. She added that this pay family was originally budgeted with the administrators 1.5% increase; however, the district is proposing a 3% of mid-point pay increase for this pay family in the proposed budget. Mrs. Callahan stated that the proposed budget assumptions have been updated to reflect pay increases by each pay family.

Mrs. Callahan asked for comments or questions from the board or the public. There being no comments or questions, the Public Hearing was closed at 6:45 p.m.
